

## **Eurasia's Largest Mining Türkiye Fair Started on May 2<sup>nd</sup>**

**International Mining, Tunneling, Machinery Equipment and Heavy Duty Vehicles Fair opened its Gates to guests on May 2, 2024 at Tüyap Fair and Convention Center. The Fair organized by Tüyap Fairs Group for 11th time may be visited until May 5th.**

**On day one, the fair hosted thousands of visitors across the world and witnessed major cooperation efforts and on day two major panels will be held on "Critical Minerals" and "Sustainable Mining".**

Mining Türkiye Fair where representatives of the mining sector meet biennially is held on a larger area this year due to the increasing demand. The exhibition space grew by 20% compared to previous year with the participation of over 700 firms and products are exhibited in nine halls no. 1-2-3-4-5-6-7-8-10 as well as on an open space.

Over a space of 47500 square meters, visitors may access everything under a single roof like drilling machinery and equipment, cutting-loading-transporting machines and equipment, geological survey equipment, drilling machinery and equipment, as well as grinding-crushing-screening-sorting machinery equipment, chemical enrichment materials and equipment, occupational health safety equipment and finally generators (including electric motors).

### **A record number of visitors on day one**

Eurasia's largest fair, Mining Türkiye attracted great attention from across Türkiye as well as Uzbekistan, Sweden, Kazakhstan, Bulgaria, France, Germany, Italy, Russia, Spain, and United Kingdom. During the event, Tüyap Fairs Group's overseas regional offices will bring procurement committees from Iran, Moscow, Georgia, and Skopje to Türkiye. It is expected that over 22 thousand visitors will visit the fair.

### **The opportunity to expand the business network and receive latest information**

Mining Türkiye also provides the opportunities to discover products and services, establishing new business networks, and the chance to meet the leading players of the sector. Anyone interested in receiving information on the latest industrial developments can participate in the panels: **"Critical Minerals"** to be held at **10:30-12:30** and **"Sustainable Mining"** to be held at **14:30-16:30 on May 3<sup>rd</sup> Friday.**

Mining Türkiye Fair will end on May 5<sup>th</sup> and may be visited at 10:00-18.00 during the first three days and at 10.00-17.00 on the last day.
