

The Premier Trade Show of the Eurasian Region is Set to Make a Significant Impact Once Again

The revised dates for the biennial Mining Türkiye Fair, serving as a unifying platform for all stakeholders in the mining industry, have been officially announced! The upcoming Mining Türkiye Fair is scheduled to take place at the Tüyap Fair Convention and Congress Center from 8th to 11th April 2026. Organized by Tüyap in collaboration with YMGV (Homeland Mining Development Foundation), this significant event is poised to bring together key players in the mining industry.

The Mining Türkiye Fair has established itself as a leading brand through its continual achievements and significant impact within the international mining industry, providing key industry figures with the opportunity to showcase their innovative products to a global audience. Visitors from around the world convene at the fair to discover a wide range of products and services under one roof and to engage in valuable business transactions.

The Tremendous Success of the 2024 Fair

The Mining Türkiye Fair garnered significant industry attention in 2024, attracting 22,092 visitors from 85 countries and hosting 710 companies from 39 countries, thus serving as a prominent platform for industry stakeholders. The event drew visitors from various global regions, notably including Iran, Russia, Germany, China, United Kingdom, Azerbaijan, Kazakhstan, Kongo, Bulgaria, and Uzbekistan, facilitating substantial business engagements, bringing together numerous exhibitors and industry professionals to foster significant commercial opportunities.

Visitors had the opportunity to explore a wide array of mining-related items within an expanse of 48,000 square meters, including drilling machinery and equipment, cutting-loading-transporting machinery and equipment, geological survey equipment, boring machinery and equipment, grinding-crushing-screening-sorting machinery and equipment, chemical enrichment materials and equipment, occupational health and safety equipment, generators, electric motors, and transformers. This trade fair, extending its reach across a wide geographic area, has generated a trade volume of 7.375.000 dollars.

Setting Higher Goals for 2026

The Mining Türkiye aims to set new records in terms of the number of exhibitors, visitors, and exhibition area. To this end, the trade show will further solidify its position as the premier meeting point for the industry.

A Perfect Platform for Innovations

The Mining Türkiye Fair, a prominent international platform, will continue to showcase the latest advancements and innovations in the mining industry. It serves as an avenue for industry players to access the latest technologies and innovations and stay updated on sectoral developments and trends. The event hosts the industry's foremost experts and decision-makers on a unique platform

and is committed to ensuring that each exhibitor and visitor experiences high satisfaction with the organization every year.

Achieve Your Targets at the Most Extensive Fair in the Industry

The Mining Türkiye Fair provides an excellent platform for its exhibitors and visitors to nurture existing relationships and forge new connections with potential customers. Renowned as the most comprehensive fair in the industry, it offers direct access to the machinery, equipment, and services essential for companies involved in the sector. The upcoming show will feature a wide range of products and services offered by companies involved in the selection, delineation, and demarcation of mining sites, preparation of perimeters and worksites, ore extraction, ore preparation, and ore enrichment, auxiliary machinery, equipment, materials, and services, open pit and underground mining, by adding value to the industry.
